Title index to Volume 6

36 months' experience with norplant in Bangladesh (Abstract) 304
Acceptability and use continuation of contraception (Abstract) 225
Acceptability of no-scalpel vasectomy (VTP) in central Java (Abstract) 266
Activin/inhibin family of hormones and growth factors (Abstract) 239
Alternative treatments in oral postcoital contraception (Abstract) 287
Attempts to treat bleeding problems in norplant users (Abstract) 299
Benefits and risks of oral contraceptives 1015
The Cambridge clip for sterilizing women (Abstract) 236
Cavimetry and MLCu375 IUD use (Abstract) 302
Changes in coagulation and fibrinolysis variables during use of two oral contraceptives containing the same dose of ethinyl estradiol amd either gestodene or desogestrel 1069
Clinical considerations in the provision of hormonal contraceptives for women at increased risk of cancer (Abstract) 231
Clinical evaluation of the use of POP in Indonesia (Abstract) 250
Clinical experience with a low-dose oral contraceptive containing gestodene 1037
Clinical experience with a low-dose oral contraceptive containing gestodene (Abstract) 243
A clinical observation during the use of depot medroxyprogesterone acetate injection (Abstract) 263
Clinical studies with a levonorgestrel-releasing IUD (Abstract) 255
A comparative clinical study of modern types of IUDs (Abstract) 300
A comparative clinical trial of Norinyl 1+35 versus Norinyl 1+50 in Merida, Yucatan, Mexico 125
A comparative study between DMPA and NET-EN in Jakarta (Abstract) 263
A comparative study of the Filshie clip versus the Wolf clip via minilaparotomy (Abstract) 235
Comparative study of two oral contraceptives containing ethinyl estradiol and desogestrel or cyproterone acetate (Abstract) 280
Comparison of PID rates in parous and nulliparous women using copper IUDs: summary of clinical studies (Abstract) 257
Contraception and Chlamydia Trachomatis in sexually active teenage girls (Abstract) 271
Contraception with a vaginal ring containing an estrogen-progestagen combination: a dutch multicenter study (Abstract) 294
Contraception with second generation copper IUDs (Abstract) 280
Contraceptive choice: turning back the clock (Abstract) 219
Contraceptive vaginal ring – a rising star on the contraceptive horizon 177
The correlation between *Chlamydia* antigen, antibody, vaginal colonization and contraceptive method in young unmarried women 41
The Cu safe 300 IUD, a new concept in intrauterine contraception (Abstract) 281
Current status of IUDs: A world perspective from Singapore (Abstract) 260
Declining mortality in international surgical contraception services: implications for maintaining safety (Abstract) 233
Diane-35 women with hyperandrogenia (Abstract) 277
Dilatation of the cervix with dinoprostone ('Prepidil Gel') prior to insertion of a intrauterine device: report of two cases 53
DMPA and cancer: history and recent studies (Abstract) 227
DMPA and cervical cancer in Jamaica (Abstract) 229
Dose-response studies of melatonin and norethisterone by means of transvaginal sonographies and endocrine measurements (Abstract) 289
Effects of two monophasic oral contraceptives containing 30 μg ethinyl estradiol and either 150 μg desogestrel or 75 μg gestodene on metabolic parameters (Abstract) 279
Efficacy, acceptability and side-effects of two once-a-month injectable contraceptives (Abstract) 264
The epidemiology of oral contraceptives and breast cancer 1027
Ethical issues in family planning (Abstract) 224
Evaluation of endocrine parameters in clinical trials with B-hCG vaccine (Abstract) 296
Extending the duration of the pill-free interval during combined oral contraception 33
Failure of tubal sterilization in the Klinik Raden Saleh training center (Abstract) 265

Family planning and prevention strategies for sexually transmitted diseases (Abstract) 272
Family planning in the Asmat primitive culture, Irian Jaya, Indonesia (Abstract) 295
Fertility awareness in the 1990s: the Billings ovulation method of natural family planning. Scientific basis, practical application and effectiveness (Abstract) 238
First results of a multicenter pilot efficacy study with a contraceptive vaginal ring releasing ethinyl estradiol and 3-keto-desogestrel (Abstract) 293
Follow-up of trainees after VSC medical training (Abstract) 235
General discussion 1075
Health benefits of a levonorgrestrel-releasing contraceptive device (Abstract) 253
Health benefits of contraception (Abstract) 226
Heidelberg OC multicenter study: clinical and metabolic data on a norgestimate-containing low dose oral contraceptive (Abstract) 277
Histological studies on IUD-endometrium of menstruating monkeys: comparative evaluation of drugs 113
Hormonal methods for male contraception (Abstract) 221
Implantable contraceptives, present state and future prospects (Abstract) 240
Improving the quality of sterilization services: India's centres of excellence program (Abstract) 232
Improving village family planning programs (Abstract) 275
Incidence of Chlamydia, other STDs, PID and sexual behavior in women of various age groups (Abstract) 273
Influence of a microdose combination pill (150 μg desogestrel/30 μg EE) on acne (Abstract) 279
Influence of modern low-dose oral contraceptives on hemostasis 1051
Injectable contraceptives and risk of invasive cervical cancer: evidence of an association (Abstract) 228
Insertion-site complications during the first year of Norplant T use (Abstract) 298
Intrauterine contraception with levonorgestrel (Abstract) 241
Introduction of no-scalpel vasectomy in the Mexican social security system (Abstract) 233
IUD use in nulliparous women (Abstract) 258
LHRH antagonists with little anaphylactoid activity as potential contraceptives (Abstract) 291
Long-term use of the TCu380Ag IUD (Abstract) 256
Management of IUD users with non-visible threads 91
Medical students as manpower for female sterilization in Indonesia (Abstract) 276
Melatonin alters pituitary-ovarian function in women and can inhibit ovulation (Abstract) 288
Melatonin/norethisterone combinations as oral contraceptives: preliminary results on hormonal patterns and efficacy (Abstract) 290
Melatonin/progestin combinations: a possible way to prevent breast cancer in women? (Abstract) 230
Menopausal estrogen replacement (Abstract) 269
Metabolic aspects of oral contraceptives of relevance for cardiovascular diseases 1007
Metabolic effects of low dose oral contraceptive pills: epidemiology and clinical trials (Abstract) 246
A multicenter clinical trial of the Multiload 375 (Abstract) 285
Multicenter study on the acceptability of an oral contraceptive containing 30 μg ethinyl estradiol and 150 μg desogestrel (Marvelon): the Malaysian result (Abstract) 278
A multicenter trial with a new OC using natural estradiol and cyproterone acetate for women over 35 (Abstract) 248
New developments in contraceptive technology (Abstract) 224
New oral contraceptive progestins: norgestimate (Abstract) 242
New progestogens in OCs: lipids, SHBG and acne (Abstract) 243
A New Zealand study of fertility after IUD use including complications: 1-, 2-, 3-, and 4-year results (Abstract) 258
Norplant removal training and service at Dr. Kariadi Hospital, Semarang, Indonesia (Abstract) 299
Oral contraception with norgestimate and ethinyl estradiol: a clinical appraisal (Abstract) 247
Ovarian activity during oral contraception (Abstract) 245
Overview 1001
An overview of post-coital contraception (Abstract) 286
Perceptions of bleeding patterns among norplant users (Abstract) 300
Perforation of the uterus following IUD insertion in the puerperium 57
Post-removal assessment of the intrauterine position of the IUD: an analysis of 1012 removals with special reference to pregnancy risk and dislocation (Abstract) 253
Practical experience in the UK with an estrogen/progestogen vaginal contraceptive ring (Abstract) 292
Preparation and pharmacokinetic evaluation of a modified long-acting injectable norethisterone microsphere formulation (Abstract) 264

Present status of contraceptive vaginal rings 169
Pretreatment of the uterine cervix prior to surgical termination of pregnancy: a comparison between RU486 (mifepristone), gemeprost, meteneprost and placebo (Abstract) 290
Prevention of IUD-related pelvic infection: the efficacy of prophylactic doxycycline at IUD insertion (Abstract) 254
The prevention of pregnancy and the risk of infection (Abstract) 270
Progestogen-only contraception with 500 μg lynestrenol (exlutonR) (Abstract) 249
A proposed new interval sterilization technique (Abstract) 234
Psycho-social aspects of IVF (Abstract) 268
Randomized comparative clinical study of two oral contraceptives containing 30 μg ethinyl estradiol and either 150 μg desogestrel or 75 μg gestodene (Abstract) 247
A randomized comparative study of Multiload 375 short IUD versus TCu220C IUD (Abstract) 259
A randomized trial of the Nova-T and the MLCu375 and the MLCuAg250 IUDs: 1-, 2-, and 3-year results (Abstract) 284
The relationship between the IUD string and the development of pelvic inflammatory disease following IUD insertion (Abstract) 256
Reproductive health and contraceptive prevalence in the 1990s (Abstract) 220
Research opportunities in reproductive health: a Canadian perspective (Abstract) 267
Retrieval of IUDs with missing tails under ultrasound control (Abstract) 303
Return to fertility after stopping use of intrauterine devices (Abstract) 301
The role of echosonography in diagnosing IUD complications 105
Safe sex: the importance of its emotional aspect for adolescents (Abstract) 275
Safety and efficacy of progesterone-only oral contraception in lactating women: a multicenter international trial (Abstract) 249
The safety of field tubal sterilization: a cohort study (Abstract) 265
Safety of intrauterine contraception 207
School-based birth control clinics (Abstract) 274
Spermicides, hormonal contraception and congenital malformations 141
Status of contraceptive development in the United States (Abstract) 274
Steroidal contraceptives and changes in individual plasma phospholipids: possible role in thrombosis 193
Studies on the spermiostatic actions of some local mineral water drinks 47
A study of bleeding patterns on two injectable contraceptives given postpartum, and the effects of two non-hormonal treatments (Abstract) 262
Suppression of ovarian activity with a monophasic gestodene-containing oral contraceptive: an ultrasound study (Abstract) 244
The systemic treatment of recurrent thrush with Nizoral R (Abstract) 267
Targets for non-hormonal suppression of male fertility (Abstract) 222
Ten years' experience (1979–1988) with induced abortion on women's demand in Norway: who are the risk groups? (Abstract) 297
A three-year clinical evaluation of Norplant in Singaporean acceptors 1
A three-year clinical evaluation of Norplant-2 rods in Singapore 63
A three-year evaluation of hemostatic function in Singaporean Norplant acceptors 23
A three-year evaluation of hemostatic function in Singaporean Norplant-2 rod acceptors 81
A three-year evaluation of metabolic changes in Singaporean Norplant acceptors 11
A three-year evaluation of metabolic changes in Singaporean Norplant-2 rod acceptors 73
Two-year carbohydrate metabolism studies in women using a norethindrone or levonorgestrel triphasic oral contraceptive 185
University students' contraceptive methods: risk-takers with respect to sexually transmitted diseases (Abstract) 271
Update on the female condom (Abstract) 288
The use of a rapid survey method in a family planning program (Abstract) 296
Uterine and measurement: IUD size and clinical correlation (Abstract) 302
Uterine Cu200: acceptance and effectiveness (Abstract) 285
Vasectomy and cardiovascular disease: what have we learned from two case-control studies conducted in Korea (Abstract) 237
When should intrauterine devices be removed and replaced? (Abstract) 252
The WHO collaborative study of neoplasia and steroid contraceptives: the influence of combined oral contraceptives on risk of neoplasms in developing and developed countries (Abstract) 228
Women's reproductive health: challenges for the 1990s (Abstract) 223
